

Ideation Phase

Brainstorm & Idea Prioritization Template

Date	09 July 2026
Project Name	CUSTOMER REGISTRY
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

 Brainstorm & Idea Prioritization Use this template for the Customer Registry project so your team can unleash ideas for centralizing customer complaints and streamlining request resolution, even remotely.  10 minutes to prepare  1 hour to collaborate  2-4 people recommended	 Before you collaborate A little prep goes a long way. Here's what to do before you start.  10 minutes 1 Team gathering – Define who should join and share the project brief. 2 Set the goal – Agree on the problem you'll focus on solving in this session. 3 Review the requirements – Read the Technical Architecture and Features docs beforehand and Features docs beforehand.	 Define your problem statement What problem are you solving? Frame it as a How Might We statement.  5 minutes HOW MIGHT WE How might we centralize customer complaint data and streamline request resolution between customers, agents, and admins? Key rules of brainstorming  Stay on topic  Encourage wild ideas  Defer judgment  Listen to others  Go for volume  Be visual if possible
